Dear Assistant Secretary Connor, Principal Deputy Assistant Secretary Pinkham and Col. Vail,

Thank you for the opportunity to discuss this project with you, and share our clients' concerns, over the past several months.

In light of what appears to be progress towards initiating dredging work this summer, our clients have chosen to initiate litigation over the matter – the attached complaint was filed this morning in D.C. federal court.

While we understand that communications going forward should proceed through Army Corps' legal counsel, we certainly hope and expect our conversations about this important matter will continue, and look forward to that opportunity.

Sincerely,  
Jan
